ATTRACTIONS AND SIGHTSEEING

AUSTRIA | Klagenfurt 

LAKE WÖRTHRSEE

One of the main reasons people visit the beautiful town of Klagenfurt is to take advantage of the immense Lake Wörthersee that sits right next to Klagenfurt’s west side. This large lake is a prime tourist destination in the region of Carinthia and has a wide range of activities and sights both on its shores and in the water. Due to the relatively Mediterranean climate of the lake and surrounding region, it attracts a high number of visitors who want to bathe in the warm waters or relax on the shores.

MINIMUNDUS

This delightful miniature park is just 5 minutes from Lake Wörthersee and has great transport links so is easy to reach. Have you ever wanted to feel like a giant and tower over a small city? Well at Minimundus your dreams can come true! Set in the grounds of a lovely park, this miniature collection of buildings is simply amazing and has so much detail and quality. The creation process of the 1:25 scale miniatures take months and months and a huge amount of skill and patience. There are over 40 different models including St Peter’s Basilica, The Tower of London, The White House and Sydney Opera House. Minimundus is a fun place to visit for both adults and children and one of Klagenfurt’s top attractions.

WÖRTHRSEE BOAT CRUISE

The Wörthersee Lake is huge, so what better way to explore it than to take a peaceful boat cruise? There are several different cruise operators based at various points around the lake so make sure you research where their collection point is before buying a ticket. There are also different types of boat cruises ranging from a simple water ferry that takes you from one place to another, guided boat tours around certain areas of the lake with audio commentary etc, or even breakfast tours where a meal is included.

PYRAMIDENKOGEL

For something different to do, why not ascend the 100m of the tallest wooden viewing tower in the world? Pyramidenkogel provides a fantastic way to see the jaw-dropping scenery of the Austrian Alps and Lake Wörthersee and as a side bonus you can even slide back down the tower when you are finished admiring the stunning scenery using the 120m long slide that lets you reach speeds of up to 25km/hour!
