ATTRACTIONS AND SIGHTSEEING

FINLAND | Helsinki 

HELSINKI CATHEDRAL

The beautiful and historically significant Helsinki Cathedral is an Evangelic Lutheran church, and for many it is the symbol of Helsinki. The church was designed by architect Carl Ludwig Engel in the 19th century as part of the Empire-style-downtown Helsinki area. The cathedral was completed in 1852.

SUOMELINNA MARITIME FORTRESS

Suomenlinna (Viapori/Sveaborg) fortress is one of the biggest sea fortresses in the world. Founded in 1748 and built by Augustin Ehrensvärd on islands off the coast of Helsinki. Suomenlinna is one of the most popular attractions in Finland and a place where people live. It was included in Unesco's World Heritage List in 1991 as a unique monument to European military architecture. An important part of any visit to Suomenlinna is a good meal or a welcome break at one of the cafés. The fortress has a selection of restaurants and charming cafés. The Visitor Centre, situated in the middle of the fortress at Tykistölahti bay, is a base and information point for visitors and is the starting point for the walking tours. It also contains the Suomenlinna Museum exhibition. Suomenlinna is explored on foot. During the summer months there are daily guided tours in English, Swedish and Finnish around Suomenlinna. In the winter there are tours in English during the weekends.
