ATTRACTIONS AND SIGHTSEEING

ITALY | Rimini

RIMINI

Rimini with 130,000 inhabitants is the largest seaside resort on the Adriatic Coast. To the west of the city lies the old center with Roman monuments such as the Arch of Augustus, Tiberius Bridge and the medieval castle of Malatesta. On the other side of the city, to the east, is the new area with wonderful beaches and endless fun. Along the promenade there are countless bars, cafés, restaurants and shops with souvenirs. Just behind the promenade is the famous mall Viale Vespucci, the perfect place where you can do your shopping.

SAN MARINO

Just 24 km away from the cosmopolitan resort of Rimini Adriatic, San Marino sits at 700 meters above sea level on Mount Titano, a prominence which gives the first hint of the presence of the Central Apennine Mountains. Each year the Republic of San Marino is visited by millions of tourists from Italy and from all over the world. The historic center is, in every part, a living monument and the view from the Towers is incredible. Throughout the pedestrian island, walking along the narrow streets, through the squares and around the churches and lots of stores and boutiques is a beautiful memory.

THEME PARKS: MIRABILANDIA | OLTREMARE | ITALIA IN MINIATURA

Mirabilandia is located 25 km far away from Rimini. The theme park is covering an area of 850.000 sqm (almost 200 football fields!) and has many sights which are divided into 7 different categories. In the park visitors can find shops, restaurants and ice cream parlors. Among the games that included in Mirabilandia are trains, two towers and different shows. For sure it's a fun place for young people and adults. (Recommended only for a day trip).

In Riccione, Rimini neighboring municipality, you can find a scientific and simultaneously futuristic park, Oltremare. Here an incredible underwater world opened in front of you. The combination of scientific approach and the necessary creativity are the two elements that make the park so special and charm but at the same time educational for adults and children. In Oltremare you will encounter sharks, dolphins, dinosaurs and funny seahorses. Also, you can watch a futuristic movie in an IMAX 3D.

Italia in Miniatura: since 1970 there is a magical place in Rimini, a place where dreams come true: Italy is a miniature theme park enjoyed every year more than 500.000 visitors. The historic center of the park consists of more than 270 Italian and European architectural wonders, all made on a small scale but with great detail, in a greenery location covering a total 85,000 sqm. Also, within the park there are games, rides, restaurants, shops and etc.
