

MOUNT PELION

According to Greek mythology, Pelion was the summer residence of the Gods and the home of the Centaurs. The mountain offers to all visitors beautiful green landscapes, crystalline springs, golden sandy beaches with crystal clear waters, imposing peaks, over 70 picturesque village, stones, bridges, traditional mansions and neat, guesthouses.

“ARGO”

“Argo” is the symbol of the city of Volos, a mythical ship widely known through the legend of the Aeronautic Expedition of Jason and the Argonauts in order to take the Golden Fleece from Colchis. It is described as the fastest and most solid vessel of its time. Today everybody has the chance to admire its modern version, a revival work of myth in the port of the city.

“MOUTZOURIS”

One of the most famous attractions of the region of Magnesia is the Pelion steam train, also known as “Moutzouris”. The name was taken from the steam engines that pulled the train carriages. In the approximately one-and-a-half-hour journey, “Moutzouris” passes through 11 big and many smaller bridges until it reaches to Milies.

VOLOS, a CITY full of Beauty, Myth & Taste!!!
